

FLEXOGRAPHIC INK

ASIAN ORGANICS

PRODUCT PROFILE

ABOUT US...

As the demand for colourful, flexible packaging continues to grow, so do the demands of the customers.

We help our printers do this by supplying them not only with our continuously improved products, but also with a comprehensive service package that is right up with the state-of-the-art in printing techniques. We offer you this technic know-how wherever and whenever you need it.

As a manufacturer of high quality printing inks, Asian Organics is playing a leading role in creating solutions that meet the demands of discerning packaging printers. Special inks for food packaging, out-door exposure and low odour inks. Continuous research and development ensures that our products are always state-of-the-art. We offer a wide range of 'ink systems' to meet diverse printing conditions-water based, solvent based and inks based on different resin systems.

TECHNICAL INFORMATION

Printon Ink

Water Based Printing Inks for Flexible Packaging

Description

Water Based ink suitable for printing on various types of paper and boards

Application

General purpose
Corrugated Cartons
Paper Bags

Print Process

Flexo

Print Substrate

Paper (Coated and Un coated), kraft Paper
Key Product Feature
Good ink transfer
Rapid Drying
High color strength
Good opacity

Properties

Ink adhesion	5
Heat resistance	NA
Gloss	3
Light fastness	2--7
Water Resistance	4
Deep Freeze Resistance	4
Vagitable Oil Resistance	NA
Lamination bonds	NA

Rating Scale

1=lowest, 5=best value

Note

All resistance properties are guideline only, and dependent on pigment selection, tone to tone (half tone & full tone), print quality and substrate to substrate. All resistance properties/LF are guideline only, and dependent on pigment selection, tone to tone (half tone & full tone), print quality and substrate to substrate.

Print Viscosity	FLEXOGRAPHIC
Viscosity (In sec by B-4 cup @ 30°C)	20-----25
Diluent	
Slow	**
Normal	Water
Fast	**
Retarder	Glycols

Remark

Health and safety

Read the Health and Safety guidelines before using these products. The user is responsible for all local legislation requirement and packaging conditions

Ink handling

Please refer to general guideline for handling inks for flexible packaging
