**Asian Organics** with its versatile brand Printon was established in the year 1998. Since then our company has been successfully winning the hearts of thousands of worldwide clients by providing them superior quality pigments . We have carved a niche as one of the prominent Fast Pigment manufacturers in India.

**Asian Organics** embarked upon the journey towards destination of becoming a quality house of pigments . Printon Pigment give high purity of tone and brilliant shades on above all the application products with suitable binders. We are looking for the manufactures who can built a good relationship with our Company and both our Companies and make process equally.

We take complete care to maintain international standard in Product Quality. Since our focus is on quality. We are manufacturing Pigments having applications in various fields such as : Wall Exteriors, Textiles, Tapes Industries etc.

Our Principal Strength :  
Team of Qualified and Dedicated Professionals.  
Quality Raw Materials  
Competitive Prices  
Gainful Associations  
Existing Well Set relationship with our Leading Companies.  
Always ready to cooperate with our Parties.
